

COLONEL MUSTARD MONOLOGUE

That bastard McCarthy! We're all being blacklisted, aren't we?!

I refuse to have my record tarnished! I've worked too hard for that!

I hold a sensitive security post in the Pentagon, and I'll be damned if I let my reputation be destroyed by some two-bit blackmailer!

This is an outrage! An absolute outrage!

Are you trying to make me look stupid in front of the other guests?

You don't need any help from me, sir!

I am a Colonel in the United States Army!

I have served my country with honor, and I will not be humiliated, threatened, or made a fool of in my own house!

...I have a sister who was a gymnast.
